

## MISSION + NEED + VISION

The **mission** of the Curtis Center Project for Arts and Education is to create and nurture an environment of growth and learning for arts and education inclusive for all individuals with disabilities.

The **need** is to fill the absence of post-high school educational opportunities and assist parents and their children with adulthood direction.

The **vision** is to create an age-appropriate college like setting for adults with disabilities offering academic and artistic opportunities, providing outcomes we all value.

## LOCATION

The Curtis Center Project for Arts and Education will be located on the south side of 2100 North in Lehi, Utah just west of the Jordan River offering a quick access for students coming from northern Utah County and southern Salt Lake County. This location is a thoroughfare directly off I-15 and Redwood Road as well as being only 2 short miles from the UTA train station near Thanksgiving Point.

## CAMPUS PROGRAM

The Curtis Center Project for Arts and Education will be a college campus with three separate buildings offering unique programming for adults with disabilities unlike any other in the State of Utah. Students will have the opportunity for life-long learning, including reading, mathematics, science, painting pottery, plant science, floral design, singing, dancing, drama, fitness, and vocational training programs.

## CURRENT PROGRAMS

By providing a place of growth; lifelong learning; socialization; vocational training support; for people with disabilities facilitated by The Curtis Center.

Our staff sponsors a campus setting for community-inclusive art shows, dramatic productions, and musical and dance performances. Encouraging service learning, academic growth, independence and socialization through programs such as HIVE, Just for Kids-Academics, and Just for Kids-Athletics.

# CAMPUSoverview

The Center be a  
home for our  
growing programs
